EDITOR AND PROPRIETOR.

## The Town of Moose Jaw.

### Description and Sketch of Business Enterprises.

Every Branch of Business Represented by Successful Business Men.

THE TOWN IN A FLOURISHING CONDITION.

The town of Moose Jaw is situated on the main line of the Canadian Pacific railway, 398 miles west of Winnipeg. Situated in a valley at the junction of Thunder Creek with the Moose Jaw river, surrounded by a noble rampart of hills from 150 to 200 feet high, the sight of the town is acknowledged to be the prettiest between Winnipeg and the Mountains. Nature has done a great deal for Moose Jaw in providing an unrivalled situation, which possesses in a very great measure all the essential for a large public town or city. In selecting situations for towns the C. P. R. Company showed their wisdom in choosing the town site of Moose Jaw as a suitable place for the future railroad centre of Assiniboia. No town in the North West Territories suffered more from the "Great North West Boom," and as town has more completely recovered from its effects. In 1884 it is estimated that the population of Moose Jaw was over 1200 people, in 1885 it had gone down to scarcely 500. Since 1887 the progress of the town in population, wealth and substantial growth has been gradual and continuous. The population in 1889 is about 1000 and the assessed value of Real and Personal property over \$200,000. In 1889 the rate of taxation for all purposes, school and municipal, was 15 mills on the dollar. As a corporation the town of Moose Jaw has not one cent of debt, and has managed to make considerable public improvements without incurring debt. This was felt to be the proper course to pursue by our municipal authorities, until the future of the country would be finally established. The consideration of the question of a system of fire protection, either by fire appliances or a system of water works, which will not only be a protection in case of fire, but which will provide a supply of water for domestic purposes, is engaging the attention of the Town Council, and there is a probability of some scheme being perfected at an early date. The municipal officers for the year 1890 are: Mayor J. T. Simpson; Councillors, J. Rutherford, A. E. Potter, W. W. Neeland, G. M. Annable, R. H. Lowe, J. E. Battell, Town Clerk, J. N. McDonald; Treasurer, H. McDougall; Assessor, R. L. Alexander; Auditors, T. E. Birbeck, J. E. Annable; Town Constable and Inspector, H. Walker; Solicitor, J. G. Gordon. Every kind of business necessary for the country is carried on in Moose Jaw, and the wants of the settlers in every line can be supplied. We give a short sketch of the principal business enterprises in the town, most of which will be found advertised in the Times.

T. W. Robinson, General Merchant.—This business was established in 1883 under the style of Robinson & Rumsey. In 1885 Mr. Rumsey removed to Toronto, and the business was carried on by Mr. Robinson, under the style of E. M. Robinson & Co., which was in 1889 changed to T. W. Robinson. Mr. Robinson carries a general stock of Dry Goods, Clothing, Gents' Furnishings, Boots and Shoes, Groceries and Provisions amounting to about \$12,000. Mr. Robinson is a man who is thoroughly conversant with every detail of his business, and aided by a good staff of clerks, has worked up a large business.

R. Bogue, General Merchant has the oldest established business in Moose Jaw. He commenced business in February, 1883, in the premises he now occupies at the corner of Main and High streets, and which is one of the finest

buildings in town. He started with Hardware, but has since extended his business by adding a full stock of Groceries, Provisions and Dry Goods.

The Buffalo Store, was established in 1881, by Mr. F. Plante, who since has carried a full stock of Dry Goods, Clothing, Groceries, Boots and Shoes, making a specialty of settlers' effects. Besides doing an extensive town and country business, the Buffalo Store enjoys a large patronage from the Métis trade of Willow Bunch.

Prominent among our General Stores is that of M. E. Annable. Although only a little over a year in business they have secured a fair share of the trade in their lines. They have a large commodious building, with ceiling twelve feet high and glass front. Their stock consists of Dry Goods,

Clothing, Groceries, Boots and Shoes, etc. It is the intention of the firm to, in future, make a specialty of Groceries and Boots and Shoes. A neat, well-kept store, a carefully selected stock, attentive and obliging clerks, prompt delivery of goods, are special characteristics of Annable's store.

E. A. Baker & Co., Hardware and Groceries.—This business was established in 1882, under the style and name of Baker & Lee. In 1886 Mr. Lee removed to Ottawa, and the business was purchased and continued by E. A. Baker & Co. This firm carries a full line of Hardware, Groceries, Flour, Feed and Provisions, and carry on an extensive business. They have a large and commodious store with a good warehouse in connection.

L. M. Chalmers, carries a carefully

selected stock of Dry Goods, Gents' Furnishings, Boots and Shoes, Carpet, etc., at the Stone Store on Main street. This is one of the neatest and nobbiest places of business in town, the goods kept being all the latest styles known to the trade.

The City Drug & Book Store, was established in 1883, by Mr. E. H. Stott, and passed in the hands of the present proprietor Mr. W. W. Bole, on January, 1st, 1890. The stock has been largely added to in the past four months, and is now as complete as can be found in any similar institution west of Winnipeg. The Drug Department contains a full supply of pure drugs and chemicals, Proprietary Medicines, Druggists Sundries, etc. In the Book Department may be found all the authorized School Text Books, School Supplies, Stationery, etc. Mr. Bole also

carries the leading brands of Cigars and Smokers Supplies.

James E. Welsh, late of Charlotte-town, P. E. I., removed to Moose Jaw in March, 1890, and opened out a General Grocery and Confectionery Store, in the building at the corner of Main and River streets, lately occupied by J. McLean. This store is run on a cash principle, and the goods advertised as being all new and fresh. The stock consists of Groceries, Confectionery, Fruits, Cigars, etc.

F. G. Healey keeps a neat little Fruit and Confectionery store. His store is constantly supplied with all kinds of fruit in season, the latest novelties in the confectionery line, soft drinks, lemonade, smokers' supplies small wares, etc.

O. B. Fysh's new Ice Cream Parlor is on the east side of Main street. He has fitted up a tasty little parlor and keeps a nice stock of fruits, confectionery, cigars, house plants etc., for sale.

John Bellamy's Furniture Depot, at the corner of Main and High streets, contains a large stock of house furniture of all kinds, sewing machines, organs and music, baby cabs, window shades and rollers, coffins and undertakers' supplies. This store is well supplied with everything required in the above line, the stock being well selected and well kept.

J. T. Simpson's Lumber Yard, on River Street west, is always well supplied with all kinds of lumber, laths, shingles and other building material, hard coal and wood, mouldings, tar felt, building paper, etc. He has also a planer, turning lathe and chopper which are run by wind power. Mr. Simpson also carries on a General Commission and Life Insurance business.

H. McDougall's Office and Yard is situated on Fairford street, east. He carries a full stock of everything in his line that is required by the building trade. The stock is all well assorted, and kept up to the demands of the trade.

D. McMillan's Harness Emporium contains a large stock of single harness, double team harness, ox harness, saddles, bridles, trunks, valises, etc. All kinds of harness made to order, and repairing done.

M. McBride keeps a stock of Harness, single and double, riding and driving whips, trunks, valises, saddles, etc. He also carries a full assortment of boots and shoes. He does custom work in all branches of his trade.

J. Hood makes a specialty of order work in the boot and shoe line, at his shop on east side of Main street. He also does repairing in all its branches.

John Brass Stove Depot, on the east side of Main street, contains everything in that line required by the people of the district. He has a full stock of Burrows, Stewart & Milne's celebrated stoves and stove furniture. He also does a general jobbing business in eve-toughing, roofing and tin work.

Before the fire W. R. Campbell carried a large stock of stoves, stove furniture, tinware, etc., and did a general jobbing business, at his store on the corner of Main and High streets. He is now building a fine new store on the old stand, and will open out with a new stock.

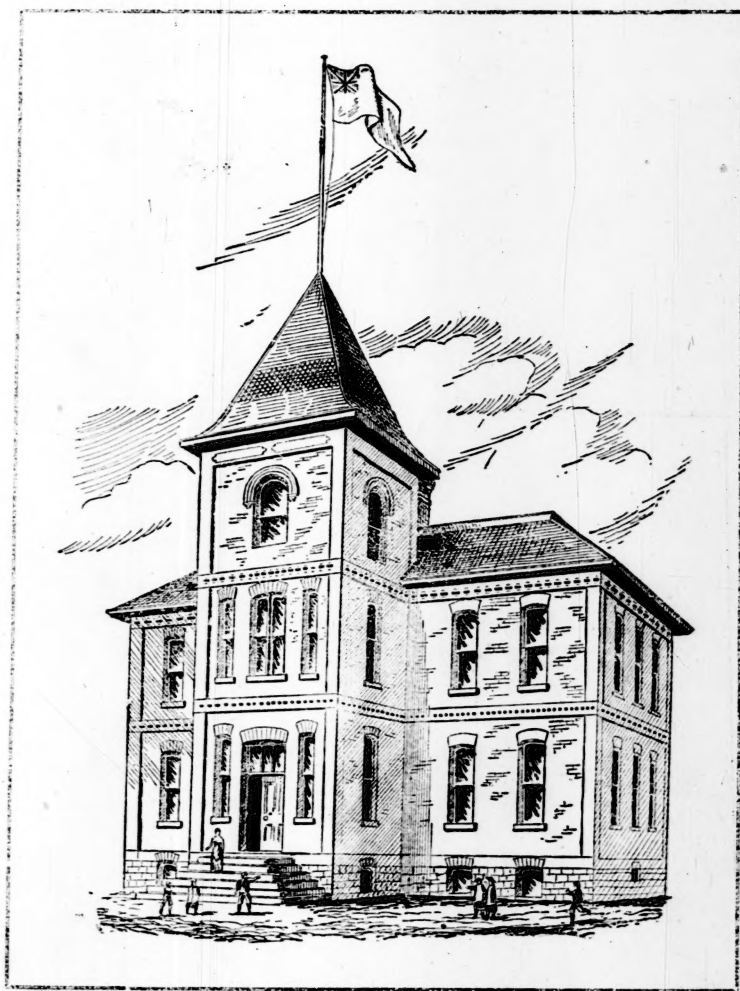

In March, 1890, Alex. Wilson, late of Granton, Ontario, purchased the shop and blacksmith business of A. B. McKenzie, on High street, west, and is carrying on a general jobbing and blacksmith business.

The Central Blacksmith Shop on High street, west, under the management of Alex. Davidson, still enjoys a large share of the patronage of parties requiring good work in that line.

W. J. Law and Charles Camaron carry on tailoring establishments on Main street. Both carry good stocks, and guarantee satisfaction to their patrons. Anything required in this line can be procured at either of the above establishments.

The wants of the town in the fresh meat line are supplied by Messrs. Bate & Ferguson, and A. Gaudry's meat markets. Both shops keep a full supply of choicest meats of all kinds, fish and game in season. Bate and Ferguson's shop is under the management of Mr. H. Bate who is an adept at his art, and Mr. A. Wright an experienced and competent butcher, has charge of Mr. A. Gaudry's shop.

Continued on Second Page.

## MOOSE JAW PUBLIC SCHOOL.

The Moose Jaw Protestant Public School District No. 1, was organized in 1884, and had the honor of being the first school district organized under the school ordinance in the North West Territory. The standard of the school has always been kept well to the front among the schools of the country. The present school building, which was erected in 1889 at a cost of \$7,000, is one of the best buildings of its kind in the North West Territories. It is of solid brick, 60 feet long, 40 feet wide, 30 ft. in height, with tower 50 feet high. The lower flat is divided into two classrooms, with entrance hall, hat and cloak rooms in connection. The rooms are large and airy, and well lighted, with a twelve foot ceiling; the stair

way to the second flat is located in the tower. There are two rooms up stairs, one of which is used as the Principal's class room, and the other for a Board room, which will be fitted up as a class room as soon as an additional room is required. The building is heated throughout with hot air from the furnaces in the basement. The arrangements for ventilation are on the latest approved plans. The building occupies a fine situation on High street, east, and has a prominent appearance as seen from incoming trains. The building is being rapidly furnished with all the latest educational appliances used in the art of teaching. A Union School was organized at the beginning of the year 1890, and a High School department

opened in connection with the school. The Principal, Mr. Wm. Rothwell, B. A., late of Dutton, Ontario, is a graduate of Toronto University, and has had many years' experience as a High School Teacher in Brantford and Perth Collegiate Institutes; the junior departments are in charge of Miss Ida McMillan and Miss Willa Simpson, who both hold Second class Professional certificates. It is the intention of the Board to bring the school to such a degree of efficiency that pupils from different parts of the country, who desire a higher education will be attracted to it. With a first-class and well equipped school building, competent and earnest Teachers, and an energetic School Board, there is no reason why Moose Jaw

should not be one of the educational centres for Assiniboia.

When the time comes for the establishment of a Normal and Model school in the North West Territories, for the training of Teachers, Moose Jaw, from its central location, will have strong claims for the Institution, and for which the Moose Jaw Union School building would be admirably adapted.

There is no single factor that adds so much to the prestige of a town as the presence of a superior educational institution, and to secure such, is not only the aim of the School Board, but of the citizens of Moose Jaw.

FRIDAY, JUNE 6, 1890.

## TOWN and COUNTRY.

N. F. Davin, Esq., M. P., was on Tuesday morning's express going west, to the Convention at Medicine Hat.

Will the parties who borrowed my wheelbarrow and nail puller be kind enough to return them. M. E. Annable

The sketch of business enterprises in Moose Jaw will be continued next week.

Mr. Mrs. and Miss Kannerer returned on Saturday evening last from a trip to Banff, which they report having enjoyed very much.

Messrs J. H. Ross, M.L.A., and R. L. Alexander, left on Tuesday morning for Medicine Hat, to attend the North West Convention and the opening of the Hospital.

Mr. William Trent attended a meeting of the Synod of the Diocese of Qu'Appelle, held at Regina on Tuesday, as lay delegate from St. John the Baptist Church.

Mr. J. A. Kannerer has been canvassing the town, this week for subscribers for electric light. We understand that he is meeting with very gratifying success and there is a strong likelihood of Moose Jaw having electric light in the near future.

Messrs. A. Hicks, T. E. Bickel and J. Rutherford intend shortly commencing the erection of dwelling houses on River street, east. Messrs. A. Wilson and G. M. Annable's houses are being pushed forward.

Go to Bennett's for the Celebrated Safety Queen, Effie's Piano and White's Sewing Machine.

Mr. H. G. Hulbert of Caron, has secured the agency for Family Bible, published by Wm. Briggs of Toronto. He expects to start out canvassing in a few days. His advertisement appears in the Times this week.

Next Sunday there will not be any service held at Bohman, as Dr. McLean is absent attending Conference at Brandon and Mr. Spicer is supplying for Rev. J. M. Harrison, at Regina. There will be service the following Sunday at Pioneer.

SPECIAL NOTICE TO LADIES—Just arrived, a very fine assortment of Silverware at J. McCATLEY'S Jewellery Store, Call and see it.

Mrs. Trent, mother of Mrs. T. W. Robinson of Moose Jaw and Miss Trent left for their home, near Stayner, Ont. on Thursday evening. Miss Trent, who has been a resident of our town for about a year while a large number of friends, who join in regretting her departure.

The fine rains of the past week and the succeeding warm weather have had a splendid effect on the growing crops. An abundant crop all over the entire country is now almost assured. Another pleasing feature of the weather is the cessation of the high winds which prevailed in the earlier part of the season. The farmers are jubilant over the prospects. They have already commenced breaking the land for next year's crop, but say that in some places the ground is rather damp for ploughing.

A subscriber writing from Northwood, Ontario, to the Times says:—"Enclosed I send you one dollar to pay for the Times. Before the time is up I expect to be there to stay. Don't forget to tell us each week what the weather out there is like. You must have had a backward spring as we in Ontario are ahead of you this year, a thing that has not happened since the Moose Jaw district was first settled. Every item of news about the district is swallowed eagerly here."

The Band Concert on Wednesday evening in the C. P. R. Dining Hall was a success. The large hall was well filled by an audience who all thoroughly enjoyed the entertainment provided by the band boys. The band were assisted with the programme by Mr. and Mrs. Welch, Miss Sherlock, the Misses McBride and Mrs. Heckler, who all carried out the parts assigned them in a highly satisfactory manner. The band is making good progress under the teaching of Prof. Walker, and Moose Jaw can now boast of having as good an amateur brass band as any town in the North West Territories. The sum realized from the concert was about \$10 which will be of material assistance to the boys.

Mr. R. L. Alexander, Dominion Government Immigration Agent at this place, has furnished us with the following report of the number of arrivals of settlers for the Moose Jaw district, during the months of March, April and May of this year. Number of cars of stock and settlers' effects 47; valued at \$57,200; number of settlers with families 31; number of males 147; number of females 67; total number of persons 214; number of horses 155; number of cattle 207; number of pigs 14. Cash brought in by settlers estimated at \$28,000. Three families came from the United States, two from England, three from Quebec, one from Prince Edward Island, and the remainder from Ontario.

The regular meeting of the Moose Jaw School Board was held in the Board room, on Friday evening, May 30th. Present Messrs. Hannah, McDougall, Robinson and McDonald. Minutes of previous meeting were read and adopted. On motion of Messrs. McDougall and Robinson, the motion passed at last meeting, be rescinded, and that the next regular meeting be held on June 13th. An account from J. N. McDonald for \$2 for printing was read and ordered to be paid. The Secy. read the report of Mr. Rothwell, showing the attendance, progress, etc., of the school, and from James Brown, Secy. of Board of Education, informing the Trustees that in view of the large number of new schools being opened up, there is a likelihood that the grants will be reduced fifteen per cent. in future. Moved by T. W. Robinson, seconded by J. N. McDonald, that the Chairman and Mr. McDougall be a committee to arrange for the construction of water closets for school, the price not to exceed one hundred dollars—carried. Moved by J. N. McDonald, seconded by T. W. Robinson, that the Secretary prepare a statement of the circumstances under which the Debentures for \$2000 were issued and the purpose thereof and submit the case to J. S. Ewart, Q. C., of Winnipeg, for his legal opinion, and ascertain from him whether the Trustees would render themselves individually liable thereunder, provided they pay over the sum so realized from sale of debentures to the Council of the town of Moose Jaw, and that the said statement so submitted be first laid before the Board for approval—carried. Board adjourned.

BILIOUSNESS AND ACID STOMACH.—Having used your Burdock Blood Bitters successfully for some time past for my complaint, biliousness and acid stomach, I have never found its equal.

T. HOS. W. SUTTON, St. Thomas, Ont.

The publishers of THE CANADIAN QUEEN will give a free trip to Europe to the person sending them the largest number of words constructed from letters contained in the name of their well known Magazine, THE CANADIAN QUEEN. Additional prizes consisting of Silver Tea Sets, Gold Watches, China Dinner Sets, Portiere Curtains, Silk Dresses, Mantel Clocks and many other useful and valuable articles will also be awarded in order of merit.
